THE WARRIOR

Foreword

CHOOSING the Family Album as our theme, we have tried to show the relationship between school and home. With this thought in mind, we are striving for a better school in which to rear the students of tomorrow.

Dedication

IN APPRECIATION of their unselfish devotion to the cause of education, we proudly and gratefully dedicate this, our 1953 Warrior, to the families of our community that have made possible Daniel Webster High School.

The Webster seniors of 1952-53 elected their class officers at the end of their junior year and installed them on September 20. Two cabinet representatives were elected from each of the nine core classes.

Beautiful Pat Hawkins was crowned Miss Daniel Webster XV and reigned with such lovely attendants as Jane Dale and Phyllis Trammell. The student body proudly elected Donald Carpenter as their Warrior Chief with Richard Hanks as Brave.

Students who received the honor of attending Boys' and Girls' State were George Henson, Johnny Looper, Jerry Billings, Earl Griffith, and Polly Howard. Mary Stilwell was chosen to receive the D.A.R. good citizenship award.

One of the outstanding accomplishments of the year was that of having Jerry Billings represent Webster as judge of the newly organized Youth Traffic Court. Jerry Looper was elected as an alternate, and both boys did their jobs well.

The senior class showed its generosity by the fine contributions made to the Junior Red Cross and the March of Dimes. They also collected toys for the new recreational center of the Junior League Convalescent Home.

The year was not all work, however. The seniors gave three successful parties. The first was a Dog Patch party; the second, a buffet dinner, and for the third, they teamed up with the sophomores for a delightful semi-formal dance.

The senior athletes fought hard to bring victory and honor to their class and school. One senior placed first in the All-State wrestling tournament, held in the Webster gymnasium.

After the Christmas holidays, the seniors presented "I Remember Mama," from the Webster stage. Jo Anne King displayed her outstanding ability as an actress, while a fine supporting cast contributed to the success of the play.

As the year came to a close the hustle of graduation activities began. Teas, banquets, and the Junior-Senior prom highlighted the year. The commencement was held on the campus on May 29, with Dean E. H. Criswell of the University of Tulsa delivering the commencement address.

The Junior Class of '53 is one of the most enthusiastic groups that Daniel Webster High School has ever known. Their many activities amply show this. Many honors have been brought to the class.

Earl Wolfe and Coleen Gibson were appointed to represent the Junior class on the Yearbook Board of Control.

The Junior class presented its play, *Seventeenth Summer*, on November 7. Members of the cast were Jean Ann Davis, Lynn Turner, Virginia Ayers, Jan Guinney, Joyce Sallee, Clif Blankenship, Jimmie Jones, Lemoine Scott, Donald Coulter, Marian Givens, Connie Ramsey, J. W. Fager, and Charles Thompson.

Alberta Hart and Sammie Jenkins were elected football queen attendants while Dennit Morris was elected Warrior Brave.

A Western party was planned for the evening of January 20. Approximately 126 juniors and invited guests were present.

The class was well represented in the sports program at Webster this year.

On February 19, the class made a field trip to the Newspaper Printing Corporation as part of their study of a unit on journalism.

The junior class took an active part in planning the Junior-Senior Prom, held May 8 in the Student Union Building at the University of Tulsa.

Honors in the field of writing and speaking were brought to the class by Rowena Sheppard, Beverly Rudd, Connie Ramsey, and Earl Wolfe.

The sophomore class of 1952-53 started the year by electing competent class officers and having both campaign and installation assemblies.

Attractive Carolyn Groendes and Shirley Terry were elected as queen attendants. Wilson Lucas was the sophomore brave. Naomi Sheppard and D. W. Bridges, Jr. were the yearbook representatives.

The sophomores were well-represented in all activities, including the Student Council, Junior Red Cross, Y-Teens, Future Teachers of America, Pep club, band, orchestra, and the Talicade.

Many sophomore boys contributed greatly in all phases of athletics.

The highlights of the year were two social get-togethers in which the sophomores enjoyed many games and dancing. The sophomores joined with the seniors, also, in putting over a successful all-school party.

The sophomore play was a hilarious comedy, *Sing For Your Supper*. The members of the cast were Merlyn Ryan, Jerry Burdick, Ramona Johnston, Phyllis Corbin, Irene Nardin, Donna Wilburn, Melba Wilburn, Wayne Eitzen, D. W. Bridges, Jr., Shirley Terry, Charlene Harrison, Carolyn Quimby, Jack Casey, Dorothy Keisler, Rita Treadway, Elizabeth Rogers, and Phyllis Harper.

In the spring the sophomores pioneered in producing a class magazine, *The Fifty-Fiver*.

The sophomore class is proud of what it has accomplished this year and is looking forward to an exciting junior year.

The freshman class of 1953 has tried to make this, the last freshman class at Webster, one to be remembered with pride. The school activity program has given us this chance.

Early in the year a committee was selected to plan the organization of the class for the coming year.

In November, primary and general elections were held and class officers and cabinet members were elected and installed.

Francis Cathcart and Joyce Potts were our queen attendants, and Charles West was our brave. Kay Phillips and Dale Nunley represented the class on the yearbook Board of Control. Merle Jacobson, Jerry Smith, and John Metcalf won prizes in citywide essay contests. The class was well-represented in other activities, including the Student Council, the Red Cross, the Y-teens, the Pep club, the band, the orchestra, the choir, the assembly planning committee, and the school assemblies.

The freshman basketball team won second place in the Sand Springs junior high tournament. The wrestling and football teams also did very well.

Highlights on the social calendar were the spring party, an educational, as well as enjoyable culminating activity of the study of "Social Behavior"—and a skating party.

The one project of which the class can truly boast was the selling of candy to raise funds to buy silver for the school's use.

The freshman class is proud of its accomplishments, and we hope to do equally well or better in our next three years at Webster.

ACTIVITIES

Working Together

No family album would be complete without a record of the activities in which the family has taken part.

The excellent way in which the various organizations of Webster have co-operated and the way in which they have worked for the benefit of the school has meant much to us.

These organizations have been organized carefully to give us the full benefit of their opportunities.

Sports, dramatics, student government, and many other activities help broaden our lives and give us a feeling of belonging to the Webster family group.

The feeling of unity on which every family is built is the spirit on which the clubs and classes of Webster thrive.

Every person who has the desire may be a part of these groups. These organizations welcome the participation of every student. But, as every family needs the hard work of every member, so do these organizations need the time and toil of every individual on their roll. Realizing this, the members will strive to fulfill their duties, which will benefit the group by the forwarding of its purpose and the individual by building him into a responsible and clear-thinking citizen of tomorrow.

Executives of Our Student Government

The activities of the Student Council of 1952-53 have been varied, interesting, and profitable, with Mr. Byron Oliver serving as the Student Council sponsor.

The activities began with the installation of officers and members followed by the sale of activity tickets. During the football season the Student Council held the election for Football Queen and her attendants, and post-game parties were given for the students without charge.

The State Student Council convention was held in Purcell, Oklahoma, December 4, 5, and 6. For this convention Webster provided a chairman and secretary. Because of the expanding number of students in Student Council work in the city, the Inter-School Council Convention met at the University of Tulsa on February 6. This year Polly Howard served as president of the convention.

The council members and student body gave liberally of canned goods for this year's Thanksgiving baskets, which were presented to needy families in this area.

A longed for goal was finally achieved when new baseboards were placed on the first floor hall. The biggest money raising campaign of the year started when the Student Council opened a drive to collect money for the curtain fund by selling concessions during Talicade, after school, at wrestling matches, basketball games, and track meets. A "Kiddies' Party," May 1, climaxed the drive. Little by little this fund will grow until someday Webster will have new curtains for the stage and auditorium.

Learning While We Work and Play

In our Webster program many of the activities which were formerly carried on outside of school are actually a part of our everyday schedule.

For instance, students have the opportunity to earn while they learn under the Distributive Education program. This program allows the students to work on selling jobs and still receive credits toward graduation. Another program, similar to this, is the Diversified Occupations program, which deals with jobs in the industrial field. Still another is the Vocational Machine Shop, which trains students in that particular field.

Music groups, art groups, and speech classes provide excellent opportunities for students to develop special abilities. Assemblies and plays give many opportunities to cultivate and share special talents.

The Y-Teens, the Junior Red Cross, the Pep club, and other groups, organized under student leadership and guided by faculty sponsors, provide wholesome service and recreational activities.

With a feeling of genuine gratitude for our opportunities we present this section of our family album.

Taking Part in Sports

Each boy and girl entering Webster has a chance to participate in sports. Upon the entrance in high school, each student is given a rigid physical examination. In order to graduate, two and one-half years of physical education is required.

Webster high school has a well-organized intramural sports program for both boys and girls. Varied sports activities are provided for each student in the intramural program. Hockey, basketball, softball, and swimming are the competitive sports in which the girls have a chance to use their abilities. Flag football, basketball, swimming, track, and softball are provided for the boys in their intramural program.

Boys who have the talent and skill have a chance to use their athletic abilities to bring honor to their alma mater through the sixth hour gym class where they practice each day in their particular sport. Besides sixth hour, the Warriors work and practice until sundown each day, unless they have to perform that night. The competitive sports Webster participates in are football, basketball, wrestling, track, and tennis.

Despite the fine leadership of three new coaches this year, our Warrior team had a hard season on the gridiron. Bill McMichael took over as head coach, with Marvin Martin assisting as line coach, and Kenneth Bays as end coach.

The season opened with a "never-say-die" Warrior team going down in the All-City round-robin to a strong Central team 13-0, and to the Rogers Ropers 7-0.

The team played hard after that but just could not get a victory over their opponents.

The Warriors closed the season by playing the Oklahoma City Northeast High School team with both teams striving for their first win of the season. Unfortunately, the Warriors were not able to overpower the Northeast team and came out on the losing end of a 20-12 score.

Dennit Morris, a junior guard, made all-state this year. Billie Max Houston, end, made the all-conference team, and Everett Johnson, tackle, was placed on the first all-city team.

Big Scramble

Warrior Roundballers

Ending the season with a 6-16 record in the win-loss column, the Warriors proved that they fight to the finish, when they came back in the regional tournament to defeat Muskogee, a team which previously had handed Coach Bill Allen's roundballers a double loss in conference play. Unfortunately, they were not able to subdue Ponca City, who later took the regional tournament.

The Warriors rolled up a total of 860 points in 22 games for an average of 39.1 points per game. There were nine lettermen this season: six seniors, two juniors, and one sophomore. Billie Max Houston and Bob Tilly were chosenas co-captains. Tilly, the high point man on the team with 221 points, made the all-city first-string team.

JERRY BILLINGS

Wrestling Lettermen

The Webster grappler team had a very impressive season, climaxing it by tying for third place in the State Wrestling Tournament. Coach Curtis Turner's Warriors had nine team matches, winning six, losing two, and tying one. Of the individual matches, the Warriors won 54, lost 35, and tied 1.

In the state tournament, which was held in our gymnasium, two of four matmen took first place honors. They were Bill Carter, at 106 pounds, and Jerry Billings, at 123. Others who placed in the tournament are Howard Powell, at 157 pounds, and Jimmy Weston, at 130 pounds, who took third place; Eddie Miller and Phillip Morris were fourth place winners in the 136 and 141 pound weights, respectively.

Everett Johnson, returning Korean war veteran and two-time state champion, was eligible for only two matches in which he pinned both opponents.

There were fourteen lettermen this year. Of these, four will return to strengthen next year's team.

Cinder Squad

Under the coaching of Kenneth Bays, assisted by Hugh Pierce, former Webster student, track received added emphasis this year.

For the first time, an intra-squad meet was held to open the track season. In this meet the Juniors and Sophomores defeated the Seniors and Freshmen.

A few days later, the cinder squad traveled to Stillwater, Oklahoma, to take part in the Oklahoma A. and M. Relays. The Warriors came back with added spirit to overpower the Sand Springs track team. The next outing was with Rogers, in which our boys were defeated.

After a rest, the Webster team went to Skelly Stadium, where they participated in the district meet. This was followed by the Bison Relays, the all-city meet, and the State tournament at Stillwater.

Besides these meets, the boys met with Sand Springs, Muskogee, and Sapulpa for a four-way track meet. This meet was held the night of April 21 on the Webster cinders, the first night track meet in the history of the school.

Four seniors, 21 juniors, and 12 sophomores made up the squad. Thirty-one freshmen competed for Webster in the junior high division this year.

Webster Netmen

Tennis Squad—*First row, left to right:* Coach Marvin Martin, Ralph Sigler, Paul Aubry, Leroy Baker, Lee Brown, Jerry Smith, Mack Quinn. *Second row:* Dick Richardson, Don Brown, Ronnie Shroff, George Robinson, Ray Tyler, Robert Hulsey, Bob Stidham, Harley Woods, Kenneth Savage.

Under the leadership of Coach Marvin Martin, Webster's tennis team made a good showing in the first official team competition. Coach Martin believes that the starting of a tennis team not only offers the students of Webster a new sport in which to compete while in high school, but it is a sport that may be carried over into later life as a fine method of recreation. Coach Martin hopes that within the next few years tennis will become a regular sport at Webster along with football, basketball, wrestling, and track, the main sports now. In the first two matches the netmen tied with the Tulsa Central "B" team, 3 to 3 and defeated Marquette, 5 to 2.

Freshman and Intramural Sports

The last freshman class at Webster made a good showing in all sports. In football the freshman team won four games, lost four, and tied one.

The young Warriors, in basketball, played 19 games and won 11. The freshmen racked up an average of 35.3 points per game. In the Sand Springs Junior High tournament the Webster frosh brought home a trophy by taking second place.

The Webster freshman mat team scored a clean sweep by winning all five matches and losing none. Many of these boys competed in B team matches.

This spring 31 freshmen competed on the cinder track in six track meets.

Boys at Webster have five sports in which to compete in their intramural program. There are flag football, basketball, swimming, track, and softball.

Each gym class has two basketball teams. One team consists of boys under five feet, eight inches, and the other is over five feet, eight inches.

Fifth hour took place in flag football and won in the tall division in basketball. They also came in third in swimming.

Third hour was the first place winner in the short team division of basketball.

There was a tie for first place in the swimming meet between second and fourth hours.

Freshman Wrestling Team—*Left to right:* Robert Adams, Kenneth Grissom, Stanley Howe, Charles Kissler, Jessie Henderson, Robert Stoan, Willie Myers, Jerry Gerian.

Girls' Athletic Program

Physical education plays a vital part in the life of a high school girl. It strives to promote fellowship as well as a well-rounded program in health and physical education.

The girls' physical education department, directed by Mrs. Beatrice Davies Lowe and Miss Millie Boone, offered a large variety of activities to each individual student. Softball, volleyball, tennis, basketball, rhythms, swimming, hockey, boy-girl dancing classes, ping pong, and an efficient health program are but a few of these activities.

Co-operating with this health program were Dr. Marcella Steele and Mrs. Helen Norman, the school nurse.

Mrs. Grace Richards, matron, and Mrs. Weaver, accompanist for rhythm classes, were always there to lend a helping hand.

Intramural tournaments were conducted, and all dances for the all-school production, the Talicade, were created and taught in these classes.
